

Decenta Product Factsheet

Studio Ganszyniec

The Decenta collection, designed by Maja Ganszyniec, is the essence of softness in a professional setting. The minimalist form with a characteristic lowered seat line and precise stitching gives the furniture a distinctive character, while the elegant silhouette on slender legs adds a touch of lightness. The advanced construction with a multi-layer filling system and SkyFill™ fibre provides a unique feeling of cosiness while maintaining ergonomic support. The family includes a single armchair, two- and three-seater sofas and coffee tables, masterfully balancing the cosiness of home style with the durability required in contract spaces.

Decenta collection

Decenta. Sofa that everyone wants to sit on.

- A complete family of sofa. An elegant armchair and 2- and 3-seater sofas, complemented by functional tables in two sizes.
- Timeless design. Clean, geometric form with characteristically lowered seat line and pronounced armrests and stitching, suitable for a variety of office spaces.
- Unparalleled comfort. Exceptionally soft seat with advanced filling system, providing a superior user experience throughout the workday.
- Innovative filling technology. Cushions with SkyFill™ synthetic fiber - a lightweight, fluffy material with anti-allergenic properties and high resistance to deformation.
- Minimalism. Slim metal frame with aesthetic legs giving the furniture a light and elegant character.
- Designer. The collection was created by Maja Ganszyniec - a respected designer who masterfully combines functionality with refined simplicity and thoughtful proportions.

Quality

Profim provides a 5-year warranty for products used 8 hours a day, 5 days a week (single shift operation).
