

Snap Product Factsheet

Note Design Studio

The Snap lounge chair is the result of a collaboration between designers from Note Design Studio and engineers at Profim. While Profim integrates cutting-edge engineering solutions to ensure durability and functionality, Note Design Studio infuses the lounge chair with a design language that caters to the unique needs of workplaces and public spaces, prioritizing the wellbeing of both employees and customers. Together, we are not just creating furniture; we are setting a new benchmark for what modern products can and should be.

Snap collection

Snap. Let's sit and talk.

- Snap lounge chair epitomizes comfort and style, designed to maximize user comfort.
- Snap collection offers two distinct aesthetics: the softer and more expressive *fluffy* (21H) and delicate *slim* (20H).
- Designed to support the body and promote well-being in the workplace, Snap enhances employee productivity.
- Created with sustainability in mind, Snap employs innovative technologies and environmentally friendly materials, minimizing the negative impact on the planet while maintaining high quality and durability.
- Snap is certified by the EU Ecolabel, Möbelfakta, Greenguard, and EPD.
- The seat is composed of up to 75% recycled polypropylene, while the back is made of up to 70% recycled polyamide. The carbon footprint of the *slim* 20H version is 49,4 kg, and the *fluffy* 21H version is 53,3 kg.

Quality

Profim provides a 5-year warranty for products used 8 hours a day, 5 days a week (single shift operation).

Certificates

Technical data
